Foreword: Lindee Morgan/Amy M. Wetherby ..	xi	How to Use This Book.....	xix
Preface.....	xiii	Notes on Style.....	xix

Part One: The Nature of Autism

1. Answers to Commonly Asked Questions ...	1	Asperger's Syndrome—Special Challenges	30
Definitions: A Trip Through the Labeling		Issues Related to Co-occurring Conditions	31
Maze	1	Summary.....	32
Commonly Asked Questions	4	3. Effects of Autism Spectrum Disorders	
Summary.....	14	on Language, Communication, and	
2. Learning Style of Individuals With		Social Development	35
Autism Spectrum Disorders	17	Perspective Points.....	35
Perspective Points.....	17	Typical Development.....	35
The Brain as a Computer—An Analogy.....	18	Developmental Differences in Autism.....	37
Effects of the Autism Learning Style.....	21	Summary.....	46

Part Two: Assessment

4. Parents' Role	49	5. Assessment for Diagnosis and	
Perspective Points.....	49	Educational Program Development.....	61
Preparing for the Marathon.....	49	Perspective Points.....	61
Evaluating the Mass of Information.....	50	Standardized Testing	61
Parents as Advocates	51	Functional Assessment to Determine Goals	
Parent/Professional Relationships	53	and Strategies	67
Accessing Educational Services.....	54	Summary.....	74
Summary.....	56		
David's Story.....	57		

Part Three: Making Program Decisions

6. Placement and Support Decisions	77	Raising Expectations: Emily and	
Perspective Points.....	77	DJ Savarese	90
The Elements of an Effective Program	77	7. Develop a Balanced Program.....	93
Making Decisions.....	79	Perspective Points.....	93
The Support Team	81	Develop the IEP	93
Staffing	84	Develop the Daily Plan	98
Related Services	85	Contexts for Instruction	99
Support to Address the Challenges		Monitor Progress	100
of Asperger's Syndrome.....	87	Classroom Management	101
Program Decisions.....	88	Summary.....	101
Summary.....	90		

Part Four: Interventions

8. Understanding Stress and Behavior	103		
Perspective Points	103		
Understanding Behavior	103		
Interpreting the Behavioral Message	106		
Situations Typically Associated			
With Problems	109		
Three Basic Intervention Processes	112		
Summary	121		
9. Assess and Plan Interventions			
for Severe Behavior Problems	123		
Perspective Points	123		
The Functional Behavioral Assessment	123		
Intervention Planning—A Positive,			
Proactive Behavior Support Plan	129		
Summary	134		
10. Organize and Structure Space	137		
Perspective Points	137		
Problems With Space	137		
The Process for Organizing Space	138		
Summary	144		
11. Organize and Structure Events			
in Time	147		
Perspective Points	147		
Terminology	147		
Scheduling Principles	148		
		The Process	148
		Summary	153
12. Organize and Structure Events			
as Routines	155		
Perspective Points	155		
Organize Events as Routines	155		
The Process for Organizing Events	157		
Summary	160		
13. Organize and Structure Visual			
Support Systems	161		
Perspective Points	161		
Design and Construction of Visual			
Systems	161		
Visual Systems and Strategies	168		
Summary	186		
Visual Supports Are Helpful in Classrooms			
and at Home	186		
14. Organize and Structure Verbal			
Information	191		
Perspective Points	191		
Basic Guidelines	191		
Principles for Organizing Verbal			
Information	192		
Summary	202		

Part Five: Teaching New Skills

15. Critical Instructional Strategies	203		
Perspective Points: Historical	203		
The Foundation—How Do We Learn?	203		
The Controversy—What Is the Best			
Approach?	205		
An Integrated Intervention Planning			
Process	205		
Perspective Points: Current	207		
An Analogy for Planning	208		
The Basic Behavioral Sequence	208		
Terminology and Guidelines	210		
Summary	226		
16. Establish the Foundation for Emotional,			
Communication, and Cognitive Skills	229		
Perspective Points	229		
Cognitive Development—Defining the			
Problem	229		
Models for Establishing the Foundation	229		
Structured Play-Based Strategies	232		
Summary	240		
17. Teach Functional Routines	243		
Perspective Points	243		
Work Routines and Work Systems	243		
The Instructional Plan	246		
Provide Instruction	255		
Expanded Applications	257		
Summary	259		
The Miller Brothers	260		
18. Concepts, Rules, and Academic Skills	263		
Perspective Points	263		
Naturalistic/Incidental Teaching Strategies	264		
Direct Instruction Teaching Strategies	266		
Summary	281		
19. Expand Communication Skills			
and Options	285		
Perspective Points	285		
Systematic Expansion	285		
Unique Communication Challenges			
in ASD	287		

Developing and Expanding a Primary Communication System	294
Guidelines for Teaching Alternative Systems	296
Four AAC Options	299
Summary—Considerations for Interpreters . .	307
Finnegan’s Story	308
20. Expand Communication and Social Competence	313
Perspective Points.	313
Social Problem Solving	313
Guidelines for Planning Group Instruction and Practice	316
Integrated Play Groups	318
Social Skills Groups	319
Social Support Groups.	322
Individual Support Sessions	324
Summary.	327
Resources for Planning	327
21. Teach Awareness of Self and Others	331
Perspective Points.	331
Glossary.	375
About the Authors	381
Strategies for Teaching Self-Awareness and Self-Management Skills	331
Target Self-Monitoring and Self-Control	333
Other Self-Control and Self-Management Models and Strategies	344
Summary.	346
Resources.	346
22. Managing Specific Challenges.	349
Perspective Points.	349
Safety Issues	350
Manage Medical Care.	351
Eating Problems	353
Sleeping Problems	357
Toilet Training.	359
Social and Sexual Issues	363
Involvement With the Law	367
Managing Major Life Transitions	368
Summary.	371
In Conclusion—Understanding the Challenges and the Gifts.	371
Resources.	372
Index.	383
