

TABLE OF CONTENTS

<i>About the Authors</i>	xvii
<i>Contributors</i>	xxi
<i>Acknowledgements</i>	xxiii
<i>Preface</i>	xxv
Rusty: A Lesson in Sensory Behavior	xxvi
Rusty Revisited: The Aging of a Sensory Challenged Horse	xxviii
Our Philosophy on Behavior	xxxi
<i>Introduction to the New and Improved Second Edition</i>	xxxiii
Changes in This Edition	xxxiii

Chapter 1 ■ Is It Sensory or Is It Behavior?	1
Is It Behavior?	1
Is It Sensory?	2
Why Is It Important to Know If It Is Sensory or If It Is Behavior?	3
Chaos Theory	4
Our Mission	5
Teamwork and Unifying Strategies	7
Making Teamwork Happen	9
Creating a Strong, Cohesive Team	16
Our Philosophy	17
Summary: How to Use This Book	18
Is It Sensory or Is It Behavior? (Chapter 1)	18
Sensory Integration and Sensory Processing (Chapter 2)	18
Basic Concepts: Analyzing Behaviors (Chapter 3)	18
Sensory-Analyzing the Behavior (Chapter 4)	19
Analyzing Social/Communication Behaviors (Not Sensory) (Chapter 5)	19
Environmental Intervention Techniques (Chapter 6)	19
Behavioral Intervention Techniques (Chapter 7)	19
Sensory-Based Interventions: Which Ones Do We Choose? Where Do They Fit? (Chapter 8)	20

Temper Tantrums and Challenging Behaviors (Chapter 9).....	20
Case Studies (Chapter 10 and 11).....	20
We Hope You Find This Book Helpful	20
References	20

Chapter 2 ■ Sensory Integration and Sensory Processing 23

Dr. A. Jean Ayres	24
What Is Sensory Integration?	24
The Senses	25
Tactile or Touch	26
Proprioception	26
Vestibular.....	27
Visual, Taste, Auditory, and Interoception.....	27
Integration of Senses	28
Sensory Integration Disorders	28
Identifying Sensory Integrative Dysfunctions	29
Disorders of Sensory Regulation or Modulation.....	30
Key Components of Sensory Modulation.....	35
Discrimination Disorders	39
Praxis	41
Dyspraxia or Practic Dysfunction.....	42
Ayres Sensory Integration® (ASI®), Sensory-Based Interventions, Research, and Evaluations	46
Ayres Sensory Integration® (ASI®)	46
Sensory-Based Interventions	47
Research: ASI® and Sensory-Based Interventions	47
Evaluating a Child with Sensory Processing and Sensory Integrative Problems ..	48
Summary	51
References	52

Chapter 3 ■ Basic Concepts: Analyzing Behaviors 57

Children Behave for Reasons: Primary Cause	57
Obtaining Behaviors	58
Avoidance-Escape Behaviors	58
What Promoted the Behavior? The Antecedent	59
Environmental Influences on Behavior.....	60
Special Events That Affect the Child	60
Warning Signs.....	60

Analyzing Behaviors Checklist	62
Defining Behaviors	67
Prioritizing the Need for Change	67
Determining What To Do With the Behavior: Stop, Alter, Limit, Treat, Ignore . . .	69
Consequences to the Behavior	71
What Is a Reinforcer?	72
Primary Reinforcers	73
Secondary Reinforcers	74
Replacement Behaviors	75
Learned Behaviors	76
Summary: Important Concepts	76
References	77

Chapter 4 ■ Sensory-Analyzing the Behavior 79

Forming a Hypothesis or Theory and Developing a Plan	79
Obtaining Behaviors	79
Obtaining Behaviors—Internal Systemic Sensory-Based Behaviors	80
Obtaining Behaviors—Internal/Systemic Sensory-Based Behaviors: Productive or Nonproductive.	86
Nonproductive Sensory-Obtaining Behaviors	88
Avoidance Behaviors	90
Avoidance Behaviors—Internal/Systemic Sensory-Based Behaviors	90
Avoidance Behaviors—Internal/Systemic, Systemic Causes	94
Intervention for Sensory-Based Behaviors	96
Basic Intervention Principles	96
Sensory-Based Obtaining Behavior—Intervention	97
Nonproductive Sensory-Obtaining Behaviors (Sensory Stimulation)— Intervention	100
Sensory-Avoiding Behaviors—Intervention	103
Sensory-Avoiding Behaviors—Internal/Systemic, Systemic Causes	105
Summary	106
References	106

Chapter 5 ■ Analyzing Social/Communication Behaviors (Not Sensory) 111

Who Is at Risk?	111
Developing Effective Communication	112
Functional Communication Training (FCT)	113
Picture Exchange Communication System (PECS)	113

Obtaining Behaviors—Attention	113
Attention-Seeking Behavior	113
Negative Attention-Seeking Behavior	114
Intervention for Attention-Seeking Behaviors	116
Obtaining Behaviors—Need, Want, or Object, Activity	118
Intervention for Obtaining a Need, Want, or Object, Activity	119
Avoidance/Escape Behaviors—Attention, People, and Events	120
Intervention for Avoiding Attention, People, Events	122
Avoidance/Escape Behaviors—Task, Object, or Activity	124
Task Analysis	124
Skills Analysis	125
Emotional Analysis	125
Why Do Individuals Avoid Tasks, Objects, or Activities?	126
Intervention for Avoiding a Task, Object, or Activity	127
Summary	132
References	132

Chapter 6 ■ Environmental Intervention Techniques **135**

Environmental Supports	135
Physical Environment	136
Room Size	136
Define Boundaries and Physical Layout	137
Sensory Environmental Modifications	138
Classroom Noise Impacts Learning	138
Modifications to Dampen Noise	138
Flooring Options	139
Windows, Walls, Whiteboards, and Doors	139
Visual Distractions	139
Background Music	140
Visual Supports	140
Communication Strategies	141
Calendars	141
Visual Schedules	142
Daily Picture Schedules	143
First-Then Cards	143
Mini Schedules	143
Visual Timers	144

Power Cards	144
Technology	145
Strategies and Systems: Promote Optimal Learning and Participation	146
Follow a Schedule: Have a Plan	146
Establish Routines	146
Establish the Rules	147
Task Presentation	148
Give Instructions Concisely	150
Minimize Downtime	150
Teach Wait Time.....	150
Transitions.....	152
Transition Strategies	152
Give Choices and a Degree of Control	155
Emotional Environment.....	155
Summary: Environmental Modifications and Interventions to Increase Performance and Participation	156
References	158

Chapter 7 ■ Behavioral Intervention Techniques 163

Why Use Behavioral Intervention Strategies?	163
Intervene Before the Challenging Behavior Occurs.....	163
Skill Levels in Dealing with Behavior	164
What Behavior Do You Want to Occur?	164
Praise On-Task Behaviors: Be Positive	165
Reinforcements.....	166
Types of Reinforcements	166
Determining Reinforcers.....	168
Keys to Effective Reinforcement.....	168
Use of Primary Reinforcers.....	170
Use of Secondary Reinforcers.....	171
Schedules of Reinforcement	172
Accidental Reinforcement.....	173
Delayed Gratification.....	174
Use Time-outs Constructively.....	179
Time-outs as Punishment.....	179
Exclusionary Time-out	179
Nonexclusionary Time-out.....	180

Planned Ignoring	180
Giving a Nonpunitive Time-out.....	181
Requesting to Take a Time-out	181
Adult Time-out.....	182
Use Positive Behavioral Momentum	182
Use of Prompts to Facilitate Desired Behavior	183
Physical Prompts	183
Visual Prompts	185
Verbal Prompts and Feedback	187
Shaping.....	188
Chaining	188
Fading Prompts.....	189
Modeling	190
Self-Management and Self-Monitoring.....	192
Establishing a Self-Monitoring Plan	194
Summary: Use Behavioral Intervention to Facilitate Positive Outcomes	195
References	197

Chapter 8 ■ Sensory-Based Interventions: Which Ones Do We Choose? Where Do They Fit? 201

A Comprehensive Intervention Program	201
Prevention	201
Skill Development	201
Response/Consequences.....	202
Sensory-Based Interventions (SBIs).....	202
Sensory Diets.....	202
SBIs and Disorders of Sensory Regulation or Modulation	203
Obtaining Normal Levels of Attention, Arousal, and Effort.....	203
SBIs and Their Use in Facilitating Modulation and Self-Regulation	205
Sensory Hyporeactivity.....	209
Sensory Hyperreactivity	211
SBIs and Disorders of Sensory Discrimination and Sensory-Based Dyspraxia....	214
Discrimination Disorders	214
Sensory-Based Dyspraxia	214
Sensory-Based Interventions (SBIs).....	215
Tactile-Proprioceptive-Vestibular Activities	215
Exercise	216

Exercises and Their Therapeutic Components	217
Weights	219
Weighted Vests	220
Weighted Blankets	220
Deep Pressure	221
Massage	221
Therapeutic Listening®	222
Music-Mediated Intervention	223
Implementation of Sensory-Based Interventions	223
Steps for Establishing and Implementing SBIs	223
Selecting and Implementing Sensory-Based Interventions	224
Fidelity, Data, and Outcome Measures	225
Summary	226
References	227

Chapter 9 ■ Temper Tantrums and Challenging Behaviors 233

Function of Temper Tantrums	233
Functional Analysis of Behaviors	233
Assessment	234
Primary Function	234
Understanding the Temper Tantrum and Intervention	239
Tantrums Often Follow a Cycle	239
The Form of the Behavior Does Not Predict the Function	239
The Function of the Behavior, the Reinforcements, and Consequences That Maintain the Behavior Guide All Interventions	239
Design a Program That Meets the Underlying Function, Thus Eliminating the Need for the Behavior	239
Prevention	240
Skill Development	240
Response and Consequences	240
Normal Tantrums: 12 Months to 3 Years	241
Tantrums a Normal Part of Development	241
Tantrums That Are Outside the Normal Range	242
Intervention	244
Prevention: Avoid Tantrums	244
Handling a Temper Tantrum	248
After the Tantrum Resolves	252

Anticipating the Challenging Behavior	253
Working Together as a Team.....	254
Summary	255
References	257

Chapter 10 ■ Case Study: Adam’s School Behavior 261

Step B: Identify and Define the Behavior	261
Definition of Behavior	261
Are the Behaviors Linked?	262
Priority for Change?.....	262
Step A: Determine the Antecedents	262
When Does the Behavior Occur?.....	262
In What Environments Does the Behavior Occur?.....	262
What Are the Warning Signs That the Behaviors Are About to Occur?	262
Step C: What Is the Primary Cause of the Behavior?	263
Is Adam Trying to Avoid Something?.....	263
Is Adam Trying to Obtain Something?.....	263
Assessment Results	264
The Primary Cause.....	264
Maintaining Reinforcers or Consequences	264
Intervention Plan	264
Identify and Implement Acceptable Alternative Sensory Activities.....	265
Address the Underlying “Function” Served by the Behavior.....	265
Use Behavioral Strategies to Stop, Alter, Limit, or Replace the Behavior	266
Summary: The Outcome	266

Chapter 11 ■ Case Study: Grace 271

Behavior 1	272
Step 1: Identify and Define the Behavior	272
Step 2: Look at the Antecedent.....	272
Step 3: What Is the Primary Cause of the Behavior?.....	273
Step 4: What Is the Consequence to the Behavior?	274
Step 5: What Is the Action Plan?	274
Behavior 2	275
Step 1: Identify and Define the Behavior	275
Step 2: Look at the Antecedent.....	275
Step 3: What Is the Primary Cause of the Behavior?.....	276

Step 4: What Is the Consequence to the Behavior?	277
Step 5: What Is the Action Plan?	278
Behavior 3	278
Step 1: Identify and Define the Behavior	278
Step 2: Look at the Antecedent	279
Step 3: What Is the Primary Cause of the Behavior?	279
Step 4: What Is the Consequence to the Behavior?	280
Step 5: What Is the Action Plan?	280
Assessment Results	281
The Primary Cause	281
Maintaining Reinforcers or Consequences	282
Intervention Plan	282
Prevention	282
Skill Development	283
Response/Consequence	284
Summary: The Outcome	284

Appendices 295

Appendix A Tactile Discrimination Difficulties: Characteristics of Underresponsiveness (Tactile-Proprioception)	295
Appendix B Intervention for Tactile Discrimination Disorders	299
Appendix C Intervention for Defensiveness	301
C1: Intervention for Tactile Defensiveness—General Guidelines	301
C2: Intervention for Tactile Defensiveness—Common Problems: Child Hates Haircuts	303
C3: Intervention for Tactile Defensiveness—Common Problems	305
C4: Intervention for Auditory Defensiveness—Common Problems	310
C5: Intervention for Aversion to Movement, Gravitational, and Postural Insecurity—Common Problems	311
Appendix D Stereotypic and Disruptive Behaviors	313
Appendix E Functional Resistive Activities: School, Home, Work	315
Appendix F Analyzing Behavior Worksheet	319
Appendix G Intervention for Challenging Behaviors	323
